REVOLUTIONIZE YOUR SHIPPING PROCESS

With Pinnpoint and Printronix

BOOST PACKING PRODUCTIVITY UP TO 85%

Unlock faster shipping with Pinnpoint's Print & Ship solution. By combining shipping labels and packing slips into a single, easy-to-use document, our solution minimizes steps and maximizes output—helping your team ship more boxes in less time.
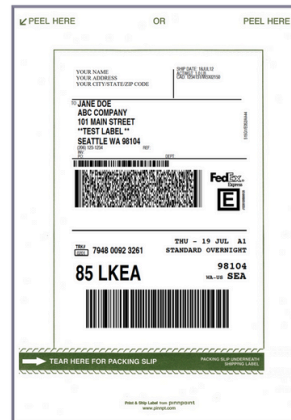

STEP 01

SEAMLESS SETUP

The Pinnpoint Integration Module (PIM) is a powerful application that merges a shipping label and packing list into one document for use with Pinnpoint's duplex labels.

Easy to install and manage, PIM connects with any ERP, WMS system, or shipping software, so it fits your current workflow and ensures a rapid ROI.

Front: Shipping label

Back: Packing list

STEP 02

PRINT & SHIP LABELS

The Print & Ship product line supports returns, custom labels, and complex shipments with ease.

Automate your process with dual-sided Print & Ship labels—shipping on one side, packing list on the other—and an optional return label with Print Ship & Return. Perfect for routine to complex shipments.

SHIP MORE BOXES PER HOUR

Save time and labor costs while boosting daily throughput. With the all-in-one Print & Ship label solution, you can reduce packing steps and streamline shipping to significantly increase productivity.

PRINTRONIX LP654C: INDUSTRIAL PRINTING POWER FOR MODERN WAREHOUSES

The Printronix LP654C printer, paired with Pinnpoint's Print & Ship labels, creates a powerful, all-in-one labeling solution for high-demand warehouses.

BUILT FOR DEMANDING ENVIRONMENTS

The Printronix LP654C is uniquely designed and engineered to reliably print on specialty media, such as Print & Ship, while outperforming and outlasting the competition in industrial environments.

- 70% more metal componentry than typical desktop laser printers
- Advanced fuser control and LED technology for reliable duplex printing of Print & Ship media
- World's smallest A4 color printer
- High duty-cycle and low operating cost
